Lawrence Veigas

Mob. No. +91 9833484309
Email: lancev.veigas3@gmail.com
GitHub: www.GitHub.com/LawrenceVeigas

Objective

To provide my IT skills to develop unique and persistent solutions.

RnD projects

- Built my own website using the MEAN stack (MongoDB, ExpressJS, AnjularJS, NodeJS) => www.IAmLawrenceVeigas.com (still under development: you can find the work in progress here: https://GitHub.com/LawrenceVeigas/My-WebSite)
- Image recognition and predicting stock prices using TensorFlow and Python SciKit learn => https://GitHub.com/LawrenceVeigas/image-recognition-with-tensorflow & https://GitHub.com/LawrenceVeigas/predicting-stock-prices

Work Experience

- Packt Publishing: Content Development Editor (Jan 2017 – Apr 2018)
  - Evaluate content of books to be published –concerned with (but not limited to) the structure and organization of content
  - Provide feedback to authors to enable them to write engaging and novel content
  - Research constantly to gain knowledge of the most relevant technologies
  - Coordinate and manage 15-20 projects (books) simultaneously
  - Coordinate via emails and video/voice calls with various authors to keep them motivated and also to track progress of projects
  - Train first time authors to write efficiently
  - Coordinate with the project manager, numerous technical editors, copy-editors within the team to ensure steady progress of projects within a tight schedule
  - Other achievements at Packt:
    - Recognized for my efforts in learning and development – May 2017
    - Content Development Editor of the month – June 2017
    - Value Badge champion of the month – February 2018
    - Trailblaizer award – February 2018
